WORK EXPERIENCE

Web Developer — Blue Mile Digital **Feb 2025 – Present | Mohali, Punjab**

- Architect and scale 25+ custom WordPress and Shopify storefronts, creating bespoke Liquid templates and custom checkout flows tailored to conversion goals.
- Elevated PageSpeed and Core Web Vitals across client websites, slashing average load times by 35%+ through asset minification, critical CSS, and caching hierarchies.
- Engineered custom WordPress plugins and child themes utilizing PHP and REST APIs to sync dynamic product feeds and automate marketing data pipelines.
- Transformed complex Figma design systems into pixel-perfect, clean, cross-browser compatible frontend code.

Associate Software Developer — My Virtual Teams **Jun 2023 – Dec 2024 | Ludhiana, Punjab**

- Engineered bespoke WordPress themes from scratch using PHP, HTML5, CSS3, and modern JavaScript adhering to strict WordPress coding standards.
- Boosted Google PageSpeed scores to 90+ across client deployments via image compression pipelines, database query pruning, and CDN configurations.
- Provided end-to-end technical support, maintenance, and regular version updates across high-traffic multi-site installations and WooCommerce setups.
